6) **Elmer Fortune Day Proclamation-100th Birthday-** Commissioner Georgia Otero-Kirkham. Mr. Fortune was not present so Commissioner Otero-Kirkham will present the Proclamation to him at a later time.

7) **Update on Tyler Computer software Conversion – Lawrence Esquibel**

Valencia County IT Director Lawrence Esquibel gave a brief update on the Tyler Computer Software Conversion. Mr. Esquibel stated all of the IT needs have been addressed and are in place. The Encode servers, an application and database, for finance have both been configured by Tyler and are awaiting the import of "Good" data. The financial implementation has been postponed twice allowing the new Finance Director the opportunity to become more familiar with the office and the issues involved. The CRM, Customer Relationship Management, module implementation for business licensing and Animal Control is up and running. The Clerk's Office implementation is proceeding on schedule and the tables for both the Assessor and Treasurer's Office are at this time confirmed. These are the positives. Overall we should be much further along than we currently are, but several issues have contributed to the delay. All of these factors exist on the county's side for the conversion process. Among those factors that have contributed to the delay of the conversion process are the departure of numerous key members of both management and finance and the disparities in the accounting systems in the Finance and the Treasurer's Office. Last December this commission gave authorization for a 2 year contract with Triadic for their hardware and software support. It is now apparent that an additional six months of software support will be needed to complete the conversion.

Commissioner Otero-Kirkham asked what the cost would be for the additional six months with Triadic. Mr. Esquibel said he wished he had an answer but the last contract was about \$5,700.00 a month.

Mr. Swingle said the cost of \$6,000.00 per month was budgeted. They did a budget re-allocation about a month ago. \$10,000.00 per month was reserved for January –June of next year in anticipation of an increase. The owner of Triadic did indicate that there would be an increase.

8) Update on Detention Center –Joe Chavez

Adult Detention Warden Joe Chavez said currently they are over crowded and have been for quite some time now. Presently he has forty inmates housed at Cibola due to overcrowding. The jail was originally opened to hold 96 inmates but due to internal changes in the housing of inmates, the jail can house 145 inmates comfortably with two inmates to a cell and this includes utilizing the old jail where the female inmates are currently being held. If the inmate population goes over 145 they start housing three to a cell which has become the norm since 2011. Once the population goes over 165, that's when they ship out to other counties and they are currently at 240 inmates total population. The expansion with twenty cells will hold forty inmates. Twenty of the inmates will be female because they will be moving the female inmates to the expansion. Right now the current population is holding at twenty females. So this will only give him twenty extra beds when the expansion is complete and he will still be holding inmates out of county. The expansion right now is only a band aid for the increasing population of Valencia County and would like for the commission to entertain the thought of possibly coming out with a GRT (Gross Receipts Tax) for the jail which could be used to build a new jail or a bigger expansion to increase the jails bed capacity. There is revenue in housing inmates from other counties. If there was a new jail built the existing jail could be used for female housing or for a juvenile detention center. He and the county manager have been in discussions with Judge Tina Gallegos, Jamie Goldberg from District Court and Chris Marquez from Pre-Trial Services on expanding the Pre-Trial Services due to the overcrowding. They can expand the Pre-Trial Services for an estimated cost of \$70,000.00 which would take the jail population down by 40-60 inmates.

Commissioner Otero-Kirkham asked for an update of the status of the construction of the new pods for the jail.

Warden Chavez said all the logistics has been completed and now it's just of matter of the pods being picked up and delivered. Once he gets an actual delivery date, he will get with the road department to get some railroad ties placed so that the cells won't sit on the ground. They should arrive no later than 2-3 weeks and should take about six months to construct.

Mr. Swingle said they have been working with Magistrate and District Court in regards to the Pre-Trial Services and the county has a contract in place now in the amount of \$50,000.00 and one person is providing those services which are keeping 40 individuals out of jail per day. They would like to expand that to \$75,000.00 and have two people to provide that service. This is something the county needs to consider as this will keep 60-80 people out of Detention Center Facility per day

In regards to the jail expansion, there is a protest in place and that issue will be addressed shortly. AIC the contractor that was the low bidder has submitted a letter to the county indicating that he did not include the purchase of the security doors in their bid. He thought that was going to be provided by the county and the increase is to 1.95 million dollars, still making him the low bidder. The county has 1.133 million dollars in the budget to address this addition. It might be appropriate to de-scope this project to basically reject the bids. The 1.333 million dollars the county has in place and the bid of almost 1.2 million, exceeds what the county has budgeted and does not include the cost of moving the units to Valencia County and the loading and unloading will be a substantial expense. That also does not include the material and infrastructure that's going to have to be put in, so we are looking at several hundred thousand dollars more, this does not include any change orders that may be required. We need to de-scope this and see what we can do without in this facility.

Chairman Holliday said this was presented to the public to extend the GRT (Gross Receipts Tax) that was in place and it was voted down two years ago.

Commissioner Gentry said if we look at the liability, the risk, the unfairness of it and if you look at the new jail, it's full of men. To not realize that this is more of a human effort, then it is a financial effort to get those females out of that cellar, where the sewer doesn't work and where all the toxics are. That's the hell hole of this county. His and Commissioner Otero-Kirkham's whole purpose was to relieve that problem and believes that is more important than not doing the project or going backwards on it for a couple of hundred

Minutes October 17, 2012 Regular Business Meeting

thousand dollars. This is not just to relieve the farming out of prisoners but it's to get the female inmates into a decent clean holding place.

Commissioner Otero-Kirkham said she and Commissioner Gentry have been working on this project for eight years. This is an inhuman situation and we need to get those women out of there and if we can reduce sending out those prisoners by twenty, that will help. Let's just get this project done. If one of those inmates gets hurt because the way we're housing them, the county is going to pay a lot more than \$200,000.00.

Mr. Swingle asked if it's the commission's recommendation to go with the low bid, however this works out. Commissioner Otero-Kirkham asked if it's statutory that they have to go with the low bid. Not necessarily it's more of a legal question as far as the protest and on those issues that has come up.

County Attorney Dave Pato stated the protest has been filed and Mr. Vinyard is statutorily required to make a determination on the protest. Certainly this discussion asks whether or not the county wants to spend additional money, it's important in helping estimate that determination. If the county doesn't have the funds available to complete the project with this change of the lowest bidder protest, direction is needed before they can proceed with the statutory resolution of that protest.

Commissioner Otero-Kirkham's thoughts were if a local bidder would do it, it would cost less if there was no travel involved. If we can rebid it, it might be simpler if we do.

Commissioner Gentry said because of the nature of this project and the original bid has already held the county up and now we have another problem of more money added to it, he would like those bids cancelled. Reject all of them, re-scope it as mentioned, look at the scoping, get more definition on what you're going to get for your money, go back out to bid and see if we can't get more competitive and place it on a fast track and get it done and get something solid. Everyone has shown their card and we'll see where we go from there. Commissioner Otero-Kirkham asked is this the direction? Chairman Holliday said "yes that's the direction."

DISCUSSION (Non-Action) ITEM(S)

Commissioner Otero-Kirkham asked how the RFP for the solid waste was progressing.

County Manager Bruce Swingle stated there were a number of complainants but they never contacted the county, they contacted the media which seems to be a very common practice down here but in this case there's a lot of legitimacy to their complaints. They are complaining that the transfer station has been closed quite often lately and that's true for the months September and October. The main reason they are complaining is that there is a total of three trailers that are operating out of the transfer station. One trailer is set up to pick up waste, when that trailer is full, it's hauled off and sent to the landfill and another trailer is pulled in. It's kind of a seamless process to keep dumping trash and one trailer is down with significant mechanical problems. Over the weekend someone went and lit a fire in one of the trailers which caused serious damage and they are working on assessing the damage in order to move forward.

As far as the RFP, the process is on time and moving forward. Mr. Vinyard had the candidates attend a presentation in which they reviewed the RFP and gave them a window to discuss any questions they had and believes they have until October 30th to submit their proposals.

BOARD RE-CONVENES AS BOARD OF COUNTY COMMISSIONERS

ACTION ITEM(S)

10) Consideration to Approve Resolution 2012 -32, Accepting an Additional 10' of Right of Way on Journey Circle as a County Maintained Road – Kelly Bouska.

Commissioner Otero-Kirkham moved for approval. Seconded by Chairman Holliday. Motion carried 4-0.

County Clerk Sally Perea announced Resolution 2012-32. (See Exhibit E)

11) Consideration to Approve the Severance Bond Capital Appropriation Project Between State of New Mexico Department of Finance Administration and Valencia County Animal Shelter – Erik Tanner.

Commissioner Otero-Kirkham moved for approval. Seconded by Commissioner Gentry. Motion carried unanimously. (See Exhibit F)

12) Consideration of Acceptance of Census and Petition for the Incorporation of Rio Communities – Mark Gwinn.

Mr. Gwinn stated that after providing the census, the petitions and the maps they were requesting that the commission approve January 8, 2012 as Election Day for the incorporation of Rio Communities.

Commissioner Otero-Kirkham asked if the county pays for this election or will the Rio Communities Association pay for that? Mr. Gwinn said that will be worked out and see where they stand.

County Attorney Adren Nance stated although these documents have been floating around including the petition and the map, the official action today would be to accept the census and the actual petition. That would be the motion vote today and once that happens it starts the time period of thirty days to review these documents that have been submitted, as well as another time period that will go into effect which is another fifteen day time period to determine that everything been done. He believes after talking to the county clerk that most of this information has been reviewed so then this can be placed on a faster track and then maybe at the next commission meeting make these actual determinations on staff's recommendation.

Commissioner Gentry made a motion to accept. Seconded by Commissioner Romero. Motion carried unanimously. (See Exhibit G)

FINANCIAL MATTERS:

13) Consideration of Approval: Payroll / Warrants – Nick Telles

Commissioner Gentry moved for approval of Payroll / Warrants. Seconded by Commissioner Romero. Motion carried 4-0. (See Exhibits H, I, J, K)

Commissioner Otero-Kirkham said the Indigent Fund is now at \$2,755,000.00. Why are we not using this by either adding more people to help or increasing the reimbursements and services?

County Manager Bruce Swingle believes the commission has the ability to expand the use of the funds. It was discussed at several meetings about using this money in the detention center. He's worked with Barbara and she in turn has been working with state officials and the Indigent Affiliate to see if the county can use those indigent funds for the inmates. They wanted to use those funds to pay the county's healthcare provider in the facility but that is not authorized, this is more of a state requirement. What we can do is bill for every one of those inmates.

Commissioner Gentry said what could possibly be done is to suspend the tax collection of that or reduce the tax that's imposed on that, then trigger that when the balance gets to a certain point and replenish it. The other thing that we probably will use this for is that there's going to be two hospitals in Valencia County and each of them could maybe acquire indigent support out of that.

Commissioner Otero-Kirkham is concerned that the State may come in and take this fund if it's not being used. Maybe additional services can be added such as dental and vision or some type of medical education.

Subj: Jesus Escarcega - Indigent Appeal

Jesus Escarcega has requested an Indigent Appeal for the Indigent Denial of September 19, 2012 for his UNM Health Sciences Center bill. Mr. Escarcega was denied as he did not respond to the letter Valencia County Indigent sent him. Mr. Escarcega received the denial letter and thought it was important as the letter was mailed Certified Return Receipt. He then called a friend to read the letter. A friend came to the appointment with him to translate and gathered the necessary information needed for Indigent. Mr. Escarcega would have been approved as he met all the requirements.

I would like to recommend approval of the UNM Health Sciences Center bill in the amount of \$2,455.85. If approved the amount being paid to UNM Health Sciences Center would be \$1,891.00.

The Grantee shall reference the Project's number in all correspondence with and submissions to the Department concerning the Project, including, but not limited to, requests for payment and reports.

ARTICLE II. LIMITATION ON DEPARTMENT'S OBLIGATION TO MAKE GRANT DISBURSEMENT TO GRANTEE

A. * "Reimburse" as used throughout this Agreement includes Department payments to the Grantee for invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee.

a. The Grantee shall submit to the Department one copy of all Third Party Obligations and amendments thereto (including terminations), as soon as possible after execution by the Third Party but prior to execution by the Grantee.

b. Grantee acknowledges and agrees that if it chooses to enter into a Third Party Obligation prior to receiving a Notice of Obligation that covers the expenditure, it is solely responsible for such expenditures.

c. The Department may, in its absolute discretion, issue to Grantee a Notice of Obligation for the particular amount of that Third Party Obligation that only obligates the Department to reimburse Grantee's expenditures made on or before the Reversion Date or an Early Termination Date.

d. The date the Department sends, by mail or email, the Notice of Obligation is the date that the Department's Notice of Obligation is effective. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V. A.

B. Early Termination Before Reversion Date Due to Non-Appropriation

The terms of this Agreement are expressly made contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. Throughout this Agreement the term "non-appropriate" or "non-appropriation" includes the following actions by the New Mexico Legislature: de-authorization, reauthorization or revocation of a prior authorization. The Legislature may choose to non-appropriate the Appropriation referred to Article I. and, if that occurs, the Department shall early terminate this Agreement for non-appropriation by giving the Grantee written notice of such termination, as of the

effective date of the law making the non-appropriation. The Department's decision as to whether sufficient appropriations or authorizations are available shall be accepted by the Grantee and shall be final. Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department pursuant to Article V.B.

C. Limitation on Department's Obligation to Make Grant Disbursements to Grantee in the Event of Early Termination

In the event of Early Termination of this Agreement by either party, the Department's sole obligation to reimburse the Grantee is expressly conditioned upon the limitations set forth Article II.

ARTICLE VI. SUSPENSION OF NEW OR FURTHER OBLIGATIONS

If the Suspension is lifted, the Department will consider further requests for Notice of Obligation.

D. Corrective Action Plan in the Event of Suspension

In the event that the Department chooses, in its absolute discretion to direct the Grantee to suspend entering into new or further written obligations with third parties pursuant to Article VI.A., the Department may, but is not obligated to, require the Grantee to develop and implement a written corrective action plan to remedy the grounds for the Suspension. Such corrective action plan must be approved by the Department and be signed by the Grantee. Failure to sign a corrective action plan or meet the terms and deadlines set forth in the signed corrective action plan, is hereby deemed a violation of the terms of this Agreement for purposes of Early Termination, Article V. A. (iii). The corrective action plan is in addition to, and not in lieu of, any other equitable or legal remedy, including but not limited to Early Termination.

ARTICLE VII. AMENDMENT

A. This Agreement shall not be altered, changed, or amended except by instrument in writing duly executed by both the parties hereto.

ARTICLE VIII. REPORTS

A. Paper Periodic Reports

The Department may, in its discretion, change the reporting period from time to time by giving Grantee a minimum of thirty (30) days advance, written notice of any change to the reporting period; provided, however, that in no event shall the reporting period be less than one month.

B. Paper Final Report

The Grantee shall submit to the Department of Finance and Administration a Final Report for the Project. The Final Report shall be submitted on a form provided by the Department and contain such information as the Department may require. The Periodic and Final Report form is attached hereto as Exhibit I. The Department shall provide Grantee with a minimum of thirty (30) days advance, written notice of any change to the Final Report format or content. The Paper Final Report must be submitted within twenty (20) days after the Project's Reversion Date or within twenty (20) days of the date of Early Termination, whichever first occurs.

C. Paperless Reporting

In lieu of the paper reports described in subparagraphs A and B of this Article, the Department may, in its discretion, require Grantee to report periodic and final Project activity by entering such Project information as the Department of Finance and Administration may require directly into a database maintained by the Department of Finance and Administration. The Department shall give Grantee a minimum of thirty (30) days advance, written notice of the switch to or from paperless reporting. The Department shall also give Grantee a minimum of thirty (30) days advance written notice of any changes to the information the Grantee is required to report on a paperless basis. The Paperless Report shall be due monthly on the last day of each month, beginning with the first full month following execution of this Agreement by the Department and ending upon the submission of a Final Report for the Project. The Paperless Final Report along with a Paper Final Report must be submitted within twenty (20) days after the Project's Reversion Date or within twenty (20) days of the date of Early Termination, whichever first occurs.

D. Requests for Additional Information/Project Inspection

During the term of this Agreement and during the period of time during which the Grantee must maintain records pursuant to Article VIII., the Department may (i) request such additional information regarding the Project as it deems necessary and (ii) conduct, at reasonable times and upon reasonable notice, onsite inspections of the Project. Grantee shall respond to such requests for additional information within a reasonable period of time, as established by the Department. Requests made pursuant to this subparagraph D are in addition to and not in lieu of the periodic and final reporting described in subparagraphs A through C of this article.

ARTICLE IX. REQUEST FOR PAYMENT PROCEDURES AND DEADLINES

A. The Grantee shall request payment by submitting a Request for Payment, in the form attached hereto as Exhibit II. Payment requests are subject to the following procedures:

- (i) The Grantee must submit one original Request for Payment; and
- (ii) Each Request for Payment must contain proof of payment by the Grantee or liabilities incurred by the Grantee in the form of a notarized certification by Grantee's designated representative in Article III. herein, that the expenditures are valid or are liabilities incurred by the

Grantee in the form of actual unpaid invoices received by the Grantee of services rendered by a third party or items of tangible personal property received by the Grantee for the implementation of the Project.

(iii) In cases where the Grantee is submitting a Request for Payment to the Department based upon invoices received, but not yet paid, by the Grantee from a third party contractor or vendor, if the invoices comply with the provisions of this Agreement and are a valid liability of the Grantee, the Grantee shall make payment to those contractors or vendors within 15 calendar days from the date of cashing or depositing of the State warrant.

B. Deadlines

Requests for Payments shall be submitted by Grantee to the Department on the earlier of:

BOOK 073 PAGE 222

C. The Grantee's failure to abide by the requirements set forth in Article II. herein will result in the denial of its Request for Payment or will delay the processing of Requests for Payment. The Department has the right to reject a payment request for the Project unless and until it is satisfied that the expenditures in the Request for Payment are for permissible purposes within the meaning of the Project Description and that the expenditures and the Grantee are otherwise in compliance with this Agreement, including but not limited to, compliance with the reporting requirements and the requirements set forth in Article II. herein to provide Third Party Obligations. The Department's ability to reject any Request for Payment is in addition to, and not in lieu of, any other legal or equitable remedy available to the Department due to Grantee's violation of this Agreement.

ARTICLE X. PROJECT CONDITIONS AND RESTRICTIONS; REPRESENTATIONS AND WARRANTIES

A. The Grantee hereby represents and warrants that all of the following general conditions and restrictions are applicable to the Project:

- (i) The Project's funds must be spent in accordance with all applicable state laws, regulations, policies, and guidelines, including, but not limited to, the Procurement Code (or local procurement ordinance, where applicable).
- (ii) The Grantee insures compliance with the New Mexico Public Works Minimum Works Act, Section 13-4-10 through 13-4-17 NMSA 1978. Further, every contract or project shall contain a stipulation that the contractor, subcontractor, employer or a person acting as a contractor shall pay all mechanics and laborers employed on the site of the project, unconditionally and not less often than once a week and without subsequent unlawful deduction or rebate on any account, the full amounts accrued at time

of payment computed at wage rates and fringe benefit rates not less than those determined pursuant to Section 13-4-11 B. NMSA 1978 to be the prevailing wage rates and prevailing fringe benefit rates issued for the project.

(iii) The Project may only benefit private entities in accordance with applicable law, including, but not limited to, Article IX, Section 14 of the Constitution of the State of New Mexico, the so-called "Anti-Donation Clause."

(iv) The Grantee shall not at any time convert any property acquired or developed with the Project's funds to uses other than those specified in the Project Description without the Department's express, advance written approval.

(v) The Grantee has the legal authority to receive and expend the Project's funds.

(vi) This Agreement has been duly authorized by the Grantee, the person executing this Agreement has authority to do so, and, once executed by the Grantee, this Agreement shall constitute a binding obligation of the Grantee, enforceable according to its terms.

(vii) This Agreement and the Grantee's obligations hereunder do not conflict with any law or ordinance or resolution applicable to the Grantee, the Grantee's charter (if applicable), or any judgment or decree to which it is subject.

(viii) The Grantee has independently confirmed that the Project Description, including, but not limited to, the amount and Reversion Date, is consistent with the underlying appropriation in law.

The Grantee specifically agrees that no officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who exercises any function or responsibility with respect to this Grant, during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed pursuant to this Grant. Further, Grantee shall require all of its contractors to incorporate in all subcontracts the language set forth in this paragraph prohibiting conflicts of interest.

(xi) The Grantee certifies, to the best of its knowledge and belief, no funds have been paid or will be paid, by or on behalf of the Grantee, to any person for influencing or attempting to influence an officer or employee of this or any agency or body in connection with the awarding of any Third Party Obligation and that the Grantee shall require certifying language prohibiting lobbying to be included in the award documents for all sub-awards, including subcontracts, loans and cooperative agreements. All sub-recipients shall be required to certify accordingly.

(xii) The Grantee shall comply with all federal and state laws, rules and regulations pertaining to equal employment opportunity. In accordance with all such laws, rules and regulations the Grantee agrees to assure that no person shall, on the grounds of race, color, national origin, sex, sexual preference, age or handicap, be excluded from employment with Grantee, be excluded from participation in the Project, be denied benefits or otherwise be subject to discrimination under, any activity performed under this Agreement. If Grantee is found to be not in compliance with these requirements during the life of this Agreement, Grantee agrees to take appropriate steps to correct any deficiencies. The Grantee's failure to implement such appropriate steps within a reasonable time constitutes grounds for terminating this Agreement.

ARTICLE XI. STRICT ACCOUNTABILITY OF RECEIPTS AND DISBURSEMENTS: PROJECT RECORDS

BOOK 073 PAGE 227

A. The Grantee shall be strictly accountable for receipts and disbursements relating to the Project's funds. The Grantee shall follow generally accepted accounting principles, and, if feasible, maintain a separate bank

account or fund with a separate organizational code, for the funds to assure separate budgeting and accounting of the funds.

B. For a period of six (6) years following the Project's completion, the Grantee shall maintain all Project related records, including, but not limited to, all financial records, requests for proposals, invitations to bid, selection and award criteria, contracts and subcontracts, advertisements, minutes of pertinent meetings, as well as records sufficient to fully account for the amount and disposition of the total funds from all sources budgeted for the Project, the purpose for which such funds were used, and such other records as the Department shall prescribe.

C. The Grantee shall make all Project records available to the Department of Finance and Administration and the New Mexico State Auditor upon request. With respect to the funds that are the subject of this Agreement, if the State Auditor finds that any or all of these funds were improperly expended, the Grantee may be required to reimburse to the State of New Mexico, to the originating fund, any and all amounts found to be improperly expended.

ARTICLE XII. IMPROPERLY REIMBURSED FUNDS

If the Department determines that part of all of the Appropriation Amount was improperly reimbursed to Grantee, including but not limited to, Project funds reimbursed to Grantee based upon fraud, mismanagement, misrepresentation, misuse, violation of law by the Grantee, or violation of this Agreement, the Grantee shall return such funds to the Department for disposition in accordance with law.

ARTICLE XIII. LIABILITY

Neither party shall be responsible for liability incurred as a result of the other party's acts or omissions in connection with this Agreement. Any liability incurred in connection with this Agreement is subject to immunities and limitations of the New Mexico Tort Claims Act.

ARTICLE XIV. SCOPE OF AGREEMENT

This Agreement constitutes the entire and exclusive agreement between the Grantee and DFA concerning the subject matter hereof. The Agreement supersedes any and all prior or contemporaneous agreements, understandings, discussions, communications, and representations, written or verbal.

ARTICLE XV. REQUIRED NON-APPROPRIATIONS CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

The Grantee acknowledges and agrees that Grantee shall include a "non-appropriations" clause in all contracts between it and other parties that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement that states:

"The terms of this Agreement are contingent upon sufficient appropriations and authorization being made by the Legislature of New Mexico for the performance of this Agreement. If sufficient appropriations and authorization are not made by the Legislature, the Grantee may immediately terminate this Agreement by giving Contractor written notice of such termination. The Grantee's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. The Contractor hereby waives any rights to assert an impairment of contract claim against the Grantee, DFA, or the State of New Mexico in the event of immediate or Early Termination of this Agreement by the Grantee or DFA."

ARTICLE XVI. REQUIRED TERMINATION CLAUSE IN CONTRACTS FUNDED IN WHOLE OR PART BY FUNDS MADE AVAILABLE UNDER THIS AGREEMENT

Grantee acknowledges and agrees that Grantee shall include the following or a termination clause in all contracts that are (i) funded in whole or part by funds made available under this Agreement and (ii) entered into after the effective date of this Agreement:

"This contract is funded in whole or in part by funds made available under a DFA Grant Agreement. Should the DFA early terminate the grant agreement, the Grantee may early terminate this contract by providing Contractor written notice of such termination. In the event of termination pursuant to this paragraph, the Grantee's only liability shall be to pay Contractor or vendor for acceptable goods delivered and services rendered before the termination date."

Grantee hereby waives any rights to assert an impairment of contract claim against the Department or the State of New Mexico in the event of Early Termination of this Agreement by the Department.

ARTICLE XVII. SEVERANCE TAX BOND PROJECT CLAUSES

A. Grantee acknowledges and agrees that the underlying appropriation for the Project is a severance tax bond appropriation, which is administered by the New Mexico State Board of Finance (BOF), an entity separate and distinct from the Department. Grantee acknowledges and agrees that (i) it is Grantee's sole responsibility to determine through BOF staff what (if any) conditions are currently imposed on the Project; (ii) the Department's failure to inform Grantee of a BOF imposed condition does not affect the validity or enforceability of the condition; (iii) the BOF may in the future impose further or different conditions upon the Project; (iv) all BOF conditions are effective without amendment of this Agreement; (v) all applicable BOF conditions must be satisfied before the BOF will release to the Department funds subject to the condition(s); and (vi) the Department's obligation to reimburse Grantee from the Project is contingent upon the then current BOF conditions being satisfied.

B. Grantee acknowledges and agrees that this Agreement is subject to the BOF's Bond Project Disbursement rule, 2.61.6 NMAC, as such may be amended or re-codified.
